

Communications

Supporting the work you do

With so many innovative Shared Care projects taking place across the province, there may be times when you wish to share successes or information about the work you're doing with colleagues, partners, or even the public. Whether you need materials for a presentation, advice on engaging with your audience, or want help developing a story or article, the communications team is here to help.

Learn how the communications team can support you.

We can also support you with:

BRANDING
